

Senior Front-end Developer, Smart Charts

## ANNEX "A"

### **JOB DESCRIPTION AND QUALIFICATION STANDARDS**

Probationary Employee Name: **JAN FRANCIS ISRAEL**

Position Title: **Senior Front-end Developer, Smart Charts**

Date of Hire: **June 15, 2020**

Department: **Smart Charts Development Team**

Days and Hours of Work: **Flexible hours, 8 hours/day, 5 days/week**

Reports to: **Jhouel Sam Sidney**

### **JOB OVERVIEW**

As a senior front-end developers at Smart Charts, you will be an integral part of shaping the future of our platforms. We need to define our desired end-state, make a plan to get there, and reconcile it with our product roadmap—and we want you to take an important role in making it happen. You'll work with the lead developer to choose technology stacks, institute and also enforce coding and architecture best practices.

### **DUTIES AND RESPONSIBILITIES**

- Develop new user-facing features using Vue.js
- Build reusable components and front-end libraries for future use
- Translate designs and wireframes into high-quality code
- Optimize components for maximum performance across a vast array of web-capable devices and browsers
- Communicate effectively with the Lead Engineer and other member of the team.
- Maintain high-quality graphics standards and brand consistency
- Keep in touch with the latest trends in web development
- Able to mentor mid-levels and juniors front-end developers

### **QUALIFICATION AND PASSING STANDARDS**

Your work performance shall be evaluated on your 3rd and 5th months. You should understand, however, that during your 6-month probationary period, your work performance can be evaluated at any time after hiring and within the probationary period with particular reference to the following qualification standards:

- Perform all work efficiently and with firm regard to complying with the law and the Company's rules and policies especially as they relate to personnel actions and liability-impacting acts or omissions;
- Follow instructions, procedures, and processes in relation to your work;
- Keep strictly privileged and confidential all pertinent communication, counseling, instructions, orders, and other related information given to you or which you come upon during the course of your work;
- Maintain appropriate professional and personal behavior and appearance within the work place and during work-related activities outside the office;
- Observe strict punctuality always and maintain a regular and dependable attendance record;
- Accomplish satisfactory performance and behavior records without being cited and found guilty of any offense under the Code of Conduct and Discipline; and,
- Perform all tasks enumerated in the duties and responsibilities listing above and other related tasks as may be assigned.

## JOB QUALIFICATIONS

### **Education:**

Associate's or bachelor's degree in related field.

### **Experience:**

Minimum of seven years running development and infrastructure deployments of a SaaS product or similar digital subscription product.

### **Required Skills:**

- 3+ solid experience of Vue.js
- 7+ years of commercial experience with JavaScript/Frontend roles
